

Office of Food Services

"This institution is an equal opportunity provider."

Dillon School District Four Office of Food Services is pleased to announce its participation in the Fresh Fruit & Vegetable Program for the 2020-2021 school year at Lake View Elementary, East, South, Stewart Heights, and Gordon.

The goals of the Fresh Fruit & Vegetable Program (FFVP) are to create healthier school environments by providing healthier food choices; expand the variety of fruits and vegetables children experience; increase children's fruit and vegetable consumption and make a difference in children's diets to impact their present and future health.

Dillon School District Four Office of Food Services is pleased to be participating in the FFVP because it provides all elementary school students a healthy and nutritious snack twice a week.

All face-to-face students receive fresh fruits on Mondays and Tuesdays and their fresh vegetables on Wednesdays and Thursdays. All virtual students who are present for meal pick up can also pick up their fresh fruits and vegetables on Tuesdays and Thursdays. The students are receiving fresh fruits and vegetables that they may not necessarily get an opportunity to eat; jicama, mango, pineapple, papaya, and kiwi just to mention a few of the items served.
